EXPERIENCE

Founding Product Designer | *MapChat Social* [🔗](#) | *Remote, USA*

April 2026 – Present

- Designed and shipped the company landing page with **Claude Code**, live in production within the **first week** and iterated during founder review calls.
- Rebuilt the app's information architecture around **three validated user jobs**, replacing feature-ordered navigation, and handed off production-ready iOS and Android screens to engineering.
- Analyzed the acquisition funnel and reworked the download CTA, lifting visitor-to-store-click conversion from **7.1% to 11.3%** over three weeks.
- Built the **cross-surface design system** across web, app, and print so a **4-person team** could launch with no contract design.

Product Designer | *X, The Moonshot Factory (Google)* | *Mountain View, CA*

Feb 2026 – April 2026

- Prototyped a **B2B clinician dashboard** that pulled patient data from separate specialists into one screen, recognized as a **CCA Impact Awards Finalist**.
- Created the platform brand and the shared UI system, iterating weekly on **cross-functional** feedback from Google's X team.

AI Product Designer | *AURA, Academic Project* [🔗](#) | *San Francisco, CA*

Jan 2026 – May 2026

- Built out a **30-screen AI product** across mobile and a co-built responsive web app, with a **Figma design system** and component library that held both surfaces together as it grew.
- Validated the concept through a **35-response survey** and four design iterations, reaching a **9/10 expert usability rating**.

Product & Brand Lead, Co-Founder | *Sorta* [🔗](#) | *San Francisco, CA*

Jan 2025 – Dec 2025

- Co-founded a **B2C AI decluttering app** and designed the information architecture, user flows, and Figma prototypes for the AI sorting experience.
- Tested the app with **15 users**, **80% rating it helpful**, and defined HEART metrics with the engineering team.

UX Designer | *Google UX Case Study* [🔗](#) | *Boston, MA*

June 2024 – March 2025

- Designed **22 screens** end to end, from task flows and wireframes to high-fidelity UI, with a reusable component library and scalable branding.
- Cut book-discovery friction **57%** and access barriers **50%**, informed by a 15-response survey and 5 usability tests.

Fashion Stylist | *Zoom TV Entertainment* | *Mumbai, India*

Sept 2016 – Jan 2022

- Styled anchors across 4 national TV shows and 50+ episodes reaching **10M+ viewers**, making real-time visual calls under live production deadlines.
